## 1. Access requirements

Please ensure that your NIVS account is enabled and that you can access the platform. You can do this by logging into NIVS from the sign in page at <https://nivs.ardengemcsu.nhs.uk/> using your OKTA account email address and password.

If you have logged in successfully you will see the NIVS homepage with tiles or options available to select. If your account is disabled you will be presented with a list of your Trust Superusers, that will be able to activate it for you.

You will require the “School Vaccinator” role to upload school HPV vaccinations, you can check that you have this role assigned by clicking your email address at the top right of the NIVS homepage when logged in which will bring up your profile including assigned roles.

If you do not have the School Vaccinator role, please contact your organisation superusers. If you have not contacted your superusers before and are unaware of who they might be please email us at [nivs@england.nhs.uk](mailto:nivs@england.nhs.uk)

## 2. Upload file creation

To upload your vaccinations, you will need a completed .CSV template file. Details on how to enter the information can be found on the technical specification document. Both of these documents can be found on our website at [COVID-19 National immunisation and vaccination programme - NHS Arden & GEM CSU \(ardengemcsu.nhs.uk\)](https://www.nhs.uk/covid-19/national-immunisation-and-vaccination-programme) under the school vaccinations dropdown.

Alternatively, we will be happy to provide you with copies of the template and spec upon email request to us at [nivs@england.nhs.uk](mailto:nivs@england.nhs.uk)

If you require any more information or guidance on the National Immunisation & Vaccination System (NIVS) then please get in touch at: [NIVS@england.nhs.uk](mailto:NIVS@england.nhs.uk)

The template contains the necessary fields in the correct format that are required to upload school HPV vaccinations as upload files in NIVS.
