

NIVS Communication 15 March 2024

Dear NIVS Superusers

Please disseminate the below communications to all in your organisation who use NIVS. NIVS will be unavailable Wednesday 20th March between 22:00 and 23:00 to allow the following change to be implemented.

Vaccine Decommissioning

NIVS will be removing the following vaccines from the system.

- Comirnaty Children 5-11 years 10micrograms/0.2ml (Pfizer)
- Comirnaty Children 6 months - 4 years 3micrograms/0.2ml (Pfizer)
- VidPrevtyn Beta 5micrograms/0.5ml (Sanofi Pasteur)
- Spikevax Original/Omicron BA.4/BA.5 0.1mg/ml (Moderna)

These will no longer be available to Vaccinators on the Add Batch screen and on the vaccination event page.

Please be advised that if you have any of the decommissioned vaccines in the system, these will be automatically marked as depleted in this change.

Please be advised that the NIVS Team **DOES NOT** send communications via text message. If you ever receive a text message claiming to be from NIVS, **DO NOT** click on any links that are in the text.

Kind regards,

National Immunisation & Vaccination System Support Team
